

Agricultural Resale

Complete management for
Agricultural Resellers

Liberali[®]

Agricultural Resale

The Agricultural Resale solution fully manages the resale processes of agricultural inputs such as seeds, defensives and fertilizers. Through the budget module is possible to generate the sale, issue the agronomic prescription and the emergency form of the input. Support the shipping process, controlling the batch of products in all processes, ensuring traceability of items, observing expiration dates and their physical location.

Main notes:

- Quotation Authorization
- Release of Selling Orders for Delivery
- Orders for delivery
- Producers Checking Account
- Sales Quotation
- Agronomic Prescription
- Declaration of Sale for Industry
